

ANNUAL MOLTEN SALT REACTOR WORKSHOP

HYBRID TWO-DAY EVENT
OCTOBER 11-12, 2022

ENERGY THROUGH SAFE, SECURE, AND SUSTAINABLE TECHNOLOGY

Dear Colleagues,

We hope this note finds you and your family doing well and in good health and spirits in these unusual and challenging times, and we hope that the MSR workshop provides an opportunity to advance MSRs toward commercial deployment.

Regards,

David E. Holcomb
General Chair

Almost 700 people registered for last year's virtual workshop! Because we are offering a virtual option for the technical sessions, we are once again expecting many participants. In-person attendance is limited to 250 people, so if that is your preference, then please register as soon as registration opens in June.

Non-US Nationals must provide additional information to register for either in-person or virtual participation. The additional information (detailed CV, passport, and visa information) must be provided via the ORNL Guest Information System. Instructions will be sent to foreign nationals after their registration request is received by the conference contact. **The deadline for foreign nationals to provide all required information is August 15, 2022.**

IN-PERSON ATTENDANCE

📍 Oak Ridge National Laboratory Conference Center,
Building 5200, Rooms 202A-C

💰 **Nominal fee** for food costs

👥 In-person **reception poster session** the evening of October 11

VIRTUAL PARTICIPATION

📺 Available for **technical sessions**

💰 **No registration fee** required

For the latest information, visit
msrworkshop.ornl.gov

Oak Ridge National Laboratory is managed by UT-Battelle LLC for the US Department of Energy
